**Medix Staffing Solutions Announces Opening of New Jersey Office**

*Medix Staffing Solutions, Inc., a national staffing organization specialized in recruiting skilled personnel for clients in the healthcare, insurance and scientific industries, recently opened a new office in Parsippany, New Jersey.*

**/24-7PressRelease/** - PARSIPPANY, NJ, July 23, 2008 - Medix Staffing Solutions, Inc., a national staffing organization specialized in recruiting skilled personnel for clients in the healthcare, insurance and scientific industries, recently opened a new office in Parsippany, New Jersey. The new office, located at 2001 Route 46, Suite 310, is one of Medix's nine offices located across the nation.

The new office will primarily serve the Northern and Central New Jersey areas and extend to markets in New York City and the New York suburbs, according to Jared Gelfond, senior account executive at Medix's New Jersey office. "As a growing healthcare staffing company, we needed a presence in one of the most exciting healthcare markets in the United States," he said.

Gelfond has played an integral role in the establishment of the new office. He brings to his role two and a half years of experience in the industry, having previously served as a recruiter and account executive in Medix's Chicago office.

"With our new office, we can expand our market and develop partnerships with more corporations, which will benefit Medix as a whole," said Gelfond. "We plan to accomplish this by continuing the Medix tradition of providing great service and quality candidates to satisfy our clients' needs."

"We are confident that Jared and the entire New Jersey team will contribute greatly in our growth and success as a company," said Medix's Chief Executive Officer and President, Andrew Limouris. "We were recently named the 7th fastest growing company in the Chicago area by Crain's Chicago Business, and each of our offices played a critical role in the attainment of this milestone. I am excited to see what new heights we can reach with the addition of the New Jersey office."
