**Entrepreneurial Team Provides People With Support, Mentorship, Guidance, Money and a Great Product!**

*Winners Income Team, led by Linda Tangarone, provides members with a phenomenal support team to discuss problems, challenges, and offers a 24/7 access to other members.*

NEW YORK, NY, September 25, 2008 **/24-7PressRelease/** -- Almost every American has been or knows someone who has been involved in a Network Marketing System. But seldom does the network level marketing system (NLM) turn out to be as good or as easy as it sounds.

What Linda Tangarone has created is a team which can answer questions, provide information, and cut the learning curve dramatically by sharing the veteran members' experiences with the newest members.

"Most of us have never met face-to-face," said Tangarone, "but we're closer than family. And Shaklee allows us to make a very good income selling their product."

Ms. Tangarone's team is comprised of people from all over the world - from New York to Mexico - and they provide support to each other via phone calls, email and Skype, eliminating the need for actual physical meetings.

About Shaklee

As the number one natural nutrition company in the U.S., Shaklee has been making people healthier for over 50 years. In the 1960s, Shaklee produced the first biodegradable household cleaners and later became the first company in the world to be completely "Climate Neutral" - thereby making the planet healthier.

A Unique, Powerful, Natural Anti-Aging Formula

In fact, Shaklee has now begun producing any anti-aging product called Vivix . David A. Sinclair, a biologist best known for his research on the biology of lifespan extension, has come up with the formula for Vivix , and has shown significant signs toward winning the fight against aging.

"What it feels like is that the veins and arteries in your body are open," said team member Richard Cassidy who has been taking Vivix for about 10 days. "I can think more clearly, have more energy, and simply have an overall feeling of well-being - all day long."

The secret of Vivix is that it fights cellular aging, and the reversal and rejuvenation of our cells. "It can make you 25 percent younger and longer which is so unique and so powerful," said Pauline - a member of Winners Income Team.
