**WYKED ILLUZIONZ, PREMIER MOTORCYCLE LED LIGHT VENDOR, COMING TO THE SANFORD FL BIKEFEST**

*Sale and Installation of L.E.D. Lights for Motorcycles available in Sanford Florida during the Thunder in the Streets Sanford BikeFest*

MONROVIA, MD, October 03, 2008 **/24-7PressRelease/** -- The Sanford BikeFest (Thunder in the Streets) is one of Florida's many successful motorcycle events. This year it will be held October 10-12, 2008 on the waterfront in Sanford, FL.

Wyked Illuzionz, a premier motorcycle L.E.D. light vendor, will join other food and motorcycle related vendors at Fort Mellon Park this year to sell and install L.E.D. lights on motorcycles during the Sanford BikeFest (a/k/a Thunder in the Streets). It's a great area for the event as the surrounding community also offers a marina and river boat rides on Lake Monroe.

Wyked Illuzionz is recognized as one of the top L.E.D. light vendors servicing the east coast. Their staff is professionally trained, their customer service is second to none, and their lighting products are covered by a lifetime warranty against LED failure for as long as the purchaser owns the bike.

Wyked Illuzionz offers LEDs in amber, blue, green, hot pink, jade, orange, purple, red, white, and color-changing. They can provide engine lighting, ground effects, and lighting for bags, floor boards, tour packs, wheels, and other areas on motorcycles.

For those inclined to "do it yourself", Wyked Illuzionz offers several kits for sale and can also design custom lighting solutions.

If you take pride in your ride and want to show it, motorcycle L.E.D. lighting is the answer. Visit Wyked Illuzionz and other motorcycle vendors at Fort Mellon Park in Sanford, FL during the 2008 Sanford BikeFest.

Wyked Illuzionz ([www.wykedilluzionz.com](http://www.wykedilluzionz.com)) specializes in LED Lighting for Motorcycles. They attend many of the major motorcycle events educating motorcyclists on this important safety issue and on the benefits of quality motorcycle lighting products and professional installation. For additional information, please visit [www.wykedilluzionz.com](http://www.wykedilluzionz.com).
