Excel Worksheet Recovery Assistant - XLS Recovery Service Online

Let data restoration difficulties to the professionals. Our data recovery experts are always ready to help.

TORONTO, CANADA, October 04, 2008 **/24-7PressRelease/** -- When important information becomes damaged, you are forced to seek all possible solutions to recover the data. That search goes on, different programs, different manufacturers, try outs. It takes time and mass forces and the search is not always ends successfully. In some cases, the decision does not bring the desired results. Sometimes it is too expensive especially when it is able to restore only a small portion of information. The expensive program is not appropriate in this case all the more so if it will be used only once.

We propose another solution - online data recovery utility. You do not need a lengthy search for the solutions and waste the money. Let data restoration difficulties to the professionals. Our data recovery experts are always ready to help.

How it works:

- 1) Download the online data recovery assistant utility
- 2) Transfer damaged data using this utility to our service and set the request to the processing queue. That utility allows to observe the recovery process in real-time as well as to communicate with the operator
- 3) After processing, the report result will be sent to the contact email including the data preview and the cost of work. The report will be also available in the program window. At this stage, a user can decide whether he wants to pay for the service and receive the recovered data or waive the recovery and do not pay for the service.
- 4) Download link to recovered file becomes available after the payment.

As you can see, only a few simple steps to save time allows and ensure that you do not spend money unnecessarily.

Advantages of using this utility

- Ease of use and opportunity in the treatment of multiple service
- Professional approach
- Advanced solutions
- Ability to decline the recovery and do not pay if the result does not correspond to your needs
- Flexible pricing policy
