Email Lists and Mailing Lists and Sales Leads, Oh My!

In today's world internet marketing is be becoming very competitive

AGOURA HILLS, CA, October 05, 2008 **/24-7PressRelease/** -- The Data Supplier is a company which has many targeted niche databases of businesses and consumers. They possess some of the best opt-in email lists that are fresh and highly deliverable. They excel in all forms of marketing like mailing lists, bulk email lists, and website advertising. They even help you with permission based email marketing. Some of their featured products include a Business email database, bulk email database and realtor databases. Apart from these they also provide you with category based email lists like dentist lists, hospital lists, insurance lists, mortgage company lists, etc.

In total they are a one stop shop for web based advertising. For more information about their databases visit <http://www.thedatasupplier.com> On the site you can find a list of all the databases available and prices. They offer these lists at competitive prices so that it will not burn a hole in your pocket. The Data Supplier also provides you with a partner email marketing service to use for your next email marketing campaign.

The Data Supplier takes pride over the fact that it offers a large range of services from email lists to custom email databases, email mining and extraction. They are a fast growing company providing business Mailing Lists, Email Lists, Sales Leads and whole dimension of similar services. The company also offers a comprehensive nationwide business email database for the United States. They also have a website promotion program which will help you advertise your site and watch your revenue grow. The company is at its best when you are searching for data of highest quality at an affordable price. At an age where email marketing is touching every walk of life such investments can make your business grow and reach dizzying heights in no time. The site also gives a screenshot view of the sample data you will get upon purchase.

The lists are available both as a instant download as well as a back up copy on Cd/Dvd. The company also provides opportunity to the user to buy the contacts via credit cards thus saving valuable time. Not only has this had the company provided discount to the updates of the mailing lists. They also have a program in place that can allow you to have resell rights after due consideration. All the Email addresses of the clients are Opt in. All the lists are legal and CAN-Spam compliant. The company also provides you with great after sale service and customer care services. Any queries can be dealt through phone calls or through the live chat option at <http://www.thedatasupplier.com> .

The company offers a top drawer service in e-marketing. The site <http://www.thedatasupplier.com> is lucidly presented with all the information including price of the various mailing lists.
