**Dr. Joseph Santelli, DDS to hold "Purple Cow" Seminar  
at Cohasset Council on Aging on October 15th**

*Dr. Joseph Santelli, DDS, PC of the Center for Progressive Dentistry in Duxbury will give a one-hour presentation about the wonders of Mini Dental Implants at the Cohasset Council on Aging (COA)*

DUXBURY & COHASSET, MA, October 06, 2008 **/24-7PressRelease/** -- on Wednesday, October 15th at 11 a.m. The Cohasset COA is located at 3 North Main St. A gourmet lunch will be served.

Dr. Santelli is known for his "Purple Cow" Mini Dental Implant educational seminars presented throughout the South Shore. The invention of the Mini Dental Implant is the "Purple Cow" of modern dentistry. It did not seem, even a few years ago, that this technology could exist. It is the modern, painless, quick and inexpensive way to replace one, some or all of the teeth. There is NO surgery involved and the implants are completed in one or two visits. Mini implants are an ideal option for those suffering from loose and sore dentures.

Dr. Santelli is certified in mini-implant technology as well as a member of the International Association of Mini Dental Implants, and he has made them his specialty. He is the only mini-implant provider in the area who does mini-implants as well as the follow up restoration.

For more information about the "Purple Cow" seminar at the Cohasset COA, contact Linda Elworthy at the COA (781) 383-9112.

Dr. Santelli offers complimentary one-hour presentations about the benefits of mini-implants to special groups (30 people maximum) such as COAs, retirement and assisted living communities, libraries and non-profit organizations.

According to Dr. Santelli, "Essentially, a patient could walk into our dental spa wearing a denture and walk out with a full mouth of teeth, thanks to the innovation of mini-implants."

Joseph Santelli, DDS, PC at the Center for Progressive Dentistry

The Center for Progressive Dentistry is an innovative dental spa that concentrates on cosmetic, restorative and general dentistry. The practice's mission is to provide patients with the smile of their dreams, while emphasizing patient comfort in a "spa-like" atmosphere. In addition to mini-implants, the Center for Progressive Dentistry's full range of cosmetic dentistry services include veneers, whitening and more.

Since comfort is of the utmost importance at the upscale practice; a plush, calm and soothing environment is a must for patients. Wand anesthetic is used, so patients do not feel a sting when it is administered. The dental chair has a massage feature and patients may choose to have a gentle massage during their treatment. At the conclusion of each appointment, patients are able to relax in a massage chair in the Recovery Spa, which is complete with dim lighting, soft music, candles and a waterfall feature.

Joseph Santelli, DDS, PC, a member of the American Academy of Cosmetic Dentistry (AACD) and the International Association of Mini Dental Implants, has been providing cosmetic and general dentistry to patients throughout the South Shore for more than 30 years.

The Center for Progressive Dentistry is located at 33 Enterprise Street, Suite 9 in Duxbury, Mass. For more information, visit [www.centerforprogressivedentistry.com](http://www.centerforprogressivedentistry.com) or contact (781) 934-9444.

About PR Works

Serving small to mid-sized clients, we often act as a "quarterback" to generate "new business" on a consistent basis. We

look at what tools are necessary to surround your best potential customers with positive messages.

In addition to creating "news" opportunities, we are marketers and writers. Thus, we take a look at the "big picture" of how to generate new business for you. This might include new sales materials, publicity, a direct mail campaign, a micro telemarketing unit, or updating the content on your website.

Our clients seem to like the fact that:

1. Seasoned professionals work directly with them and on their account.
2. Our bandwidth of contacts rivals the big boys.
3. Our fees are reasonable.
4. We are almost human compared to our competition.

PR Works for you to generate new leads, greater visibility and new opportunity thru:

- Strategic PR planning
- News Releases
- Feature Stories
- Newsletters
- Brochures & Sales Materials
- TV & Radio Appearances
- Media Coaching
- Case studies
- Grand Openings
- Advertising
- Telemarketing
- Website strategy and content
- Direct Marketing

PR Works. Allow us to show you how it can work for you.
