**SOLE ST. LOUIS EVENT DESIGN AND PRODUCTION COMPANY WILL EXPAND TO THE KANSAS CITY AREA**

*Exclusive Events, Inc. ignited the event design industry in the St. Louis area and reinvented the traditional event with contemporary design.*

SAINT LOUIS, MO, October 09, 2008 **/24-7PressRelease/** -- Exclusive Events, Inc., currently the sole St. Louis event design and production company, is expanding to the Kansas City area in 2009, according to owner Erin Schulte, who promises to bring the beauty and technological design advancements to the many events in the Kansas City area.

While specializing in boutique, upscale weddings, the company also customizes corporate functions, fundraisers, exhibition openings, awards shows and fashion shows through lighting, draping, lounge enhancements, and special effects. Most notably, it has helped produce the Kevin Kline Awards and the Kimora Lee party during St. Louis Fashion Week.

"We hope to introduce all we have to offer to the people of Kansas City", says Schulte. The underlying goal of the company is to create a destination for those in Kansas City to meet and familiarize themselves to the event design world. "People are beginning to realize that they can highlight an ordinary ballroom into a truly personalized memory. The cookie-cutter event is a thing of the past. The right lighting and decor set the mood, these are what people remember most, especially around Missouri."

St. Louis is the first city in which Exclusive Events, Inc. has shown rapid popularity and success among individuals and corporations alike. It is located at 139 Weldon Parkway in Maryland Heights.
