**Colorado East Bank And Trust Deploys Banker'S Academy Unlimited Training From Edcomm Banker'S Academy**  
*Colorado-based Colorado East Bank and Trust deployed Banker's Academy Unlimited from The Edcomm Group Banker's Academy for its bank training needs.*

NEW YORK, NY, October 10, 2008 **/24-7PressRelease/** -- Colorado East Bank and Trust has deployed Banker's Academy Unlimited from The Edcomm Group Banker's Academy for its bank training needs. The Bank will also use Learning Link , Edcomm Banker's Academy's own Learning Management System (LMS), for hosting and maintenance.

A Banker's Academy Unlimited package provides all the training needed for every employee at a Bank, Credit Union or Money Services Business (MSB) for one low price. Banker's Academy Unlimited covers more than 800 topics, including compliance, platform skills, branch security, sales and service, teller training, fraud, information security, lending and more. These programs may be deployed as eLearning, as classroom training or as a blended program. Each program includes a searchable, printable library for reference. The programs of Banker's Academy Unlimited use easy-to-understand language designed specifically for Banks, Credit Unions and Money Services Businesses (MSBs).

Testing, tracking, administration, reports and certification are easily accomplished through Learning Link , Edcomm Banker's Academy's full-featured Learning Management System (LMS), which has an open architecture that builds on industry-standard SCORM and AICC compliance, but adds features and capabilities far beyond any competing products. Learning Link maintains a complete record of every learning and administrative activity and offers a wide variety of customizable, real-time reports available both onscreen and in CSV formats for download and integration into any HR system. Learning Link's servers have been issued a SAS-70 attesting to the quality of their security, business continuity and performance.
