T-shirts Designed to Change the World

The t-shirts are designed with simple messages predominantly based on Christian principles and scriptures from the bible.

ST. PAUL, MN, October 10, 2008 **/24-7PressRelease/** -- The Alphabot Store, seller of Christian apparel and personalized t-shirts, has released its latest line of clothing. The t-shirts are designed with simple messages predominantly based on Christian principles and scriptures from the bible. "My goal was to create a line of t-shirts designed with faith-inspired messages that would create positive changes to a person's lifestyle," says the designer, Jacob Hill.

According to Jacob, "we get so caught up in our day to day activities such as work, school, bills to pay and stress that we forgot about the things that really matter such as family, love and faith." Jacob believes that simple messages on t-shirts can be a powerful tool for promoting positive lifestyle changes. One customer in particular had written to Jacob explaining how one of his t-shirts had changed her life. She writes: "One day I was so stressed out about family problems and relationship issues with my boyfriend. I felt like staying under the covers of my bed. At that moment, I hated to face reality and the world. Then I glanced over and saw a t-shirt lying on the ground. Written on the shirt were the words: Strength within. Reading those words and pondering over it reminded me that no matter what life throws at me, I am guided by my faith and that is where my strength lies. Thank you for reminding me of this fact."

The messages in Jacob's t-shirt designs speak loud and clear. It is a message of hope and love. "Life may have its bumps and bruises, but don't let that stop you from reaching your true potential."

Jacob Hill is the founder of The Alphabot Store, which sells Christian t-shirts and personalized apparel. Jacob is also the creator of "Alphabot Letters," where each letter of the alphabet resembles a human figure.
