**Chesley Consulting Acquires Web Hosting and IT Support from ICTNS**

*Chesley Consulting completes acquisition of the Web Hosting and IT Support arms from ICTNS and is now the first web host in northern Michigan offering both Unix and Windows hosting.*

PETOSKEY, MI, October 10, 2008 **/24-7PressRelease/** -- Chesley Consulting has completed the acquisition of the Web Hosting and IT Support arms from ICTNS.

"Chesley Consulting offers all-inclusive small business support packages with dependable IT solutions from a staff of Microsoft and Cisco certified IT consultants," stated Mark Avery, President of Chesley Consulting. "With the acquisition of web hosting and IT support from ICTNS, our ultimate goal was to expand our local presence and service offerings."

The IT consultants look forward to continuing as a preferred Web Host and IT Support Desk provider for former ICTNS clients and boast that they are the first Web Host in Northern Michigan to offer both Unix and Windows based hosting.

Chesley Consulting strives for excellence in both the technological and customer support realms. By tracking industry trends and new technology developments, they are able to stay current with the latest advances to provide superior service.

"From our inception, we have constantly reiterated the importance of conducting business with integrity," stated Des Moore, Director of Operations with Chesley Consulting. "The result of our commitment has been a rapidly growing and highly respected company that has quickly become one of the area's top IT consulting firms."

Chesley Consulting is an IT consulting firm and a leader in computer network design and management services with offices in Atlanta (GA), Petoskey (MI) and Mt. Pleasant (MI). For more information on Chesley Consulting, visit their website at <http://www.chesleyconsulting.com> or call (877) 534-4311.
