Nat-2 Taking Off

After the international, successful debut, fashion- and streetstyle-brand Nat-2 expands its innovative sneaker- and accessory-collection by adding new highlights.

BAVARIA, GERMANY, October 11, 2008 **/24-7PressRelease/** -- After the international, successful debut, fashion- and streetstyle-brand Nat-2 expands its innovative sneaker- and accessory-collection by adding new highlights.

Company K&T GmbH, owner of brand Nat-2 presents after several years of development an international patented 2 in 1 Sneaker, which turns into a beach-sandal by simply using the special-zipper, removing the upper from the Sandal.

Target of the Nat-2 Team is to turn the shoe- and sneaker-industry upside down. To strengthen the revolution, another new technical and fashionable highlight will be launched for SS09.

The STACK 4 in 1. Der 4 in 1 STACK. The model is equipped with a patented system, converting a slipper to a low- or mid-cut style as well as a boot. Every pair comes as complete set. Owning two pairs of the same size, makes it possible to combine and interchange all parts and to create unique creations.

Nat-2's are available at selected retailers and online at www.coilexstore.com .

Nat-2 has the "Innovation & Design Award by KENT" (Zurich, Switzerland), the "Ispo BrandNew Award Style Accessories" (Munich, Germany) and is nominated for "The 2009 Design Award of the Federal Republic of Germany".

The assortment includes women- and men-styles. The 4 in 1 Stack can also be ordered in children styles. Furthermore, Nat-2 presents new, innovative backpacks, sunglasses and bags.
