The Paper Mill Store Partners with Creative Carton to Offer Custom Recycled Shipping Boxes Online

The Paper Mill Store .com has partnered with Creative Carton to offer custom, 100% recycled shipping boxes on its online store, thepapermillstore.com. The recycled boxes are manufactured with between 35% and 95% post consumer waste (PCW). No minimum quantity is required.

SUN PRAIRIE, WI, October 12, 2008 **/24-7PressRelease/** -- The Paper Mill Store .com (TPMS) has partnered with Creative Carton, a Minnesota company, to offer custom, 100% recycled shipping boxes on its online store, thepapermillstore.com. The recycled boxes are manufactured with between 35% and 95% post consumer waste (PCW), depending on the custom options selected.

Customers are able to choose from several box styles, specify dimensions and box strength and, if desired, add custom or standard printing. Not only do these custom options open up new possibilities to customers, but no minimum quantity is required, making thepapermillstore.com a perfect resource for truly unique shipping needs. As with all TPMS orders, customer service representatives are available to chat live with customers during regular business hours.

"We are excited to offer our customers environmentally friendly options for shipping their products, executing direct mail campaigns or fulfilling whatever custom shipping needs they may have," said Brian J. Cowie, C.E.O. of The Paper Mill Store. "Our new partnership with Creative Carton furthers our mission to provide high-quality eco products in small quantities."

About The Paper Mill Store .com

The Paper Mill Store, thepapermillstore.com (TPMS), is an authorized, multi-mill e-commerce site launched by CTI Paper Group, Inc. in May of 2004 to provide graphics professionals with easy access to premium text and cover papers and envelopes, regardless of their location or order size. TPMS partners with mills, local paper merchants and authorized envelope converters to provide unparalleled service, top-quality products and fast delivery. TPMS is Forest Stewardship Council (FSC) Chain of Custody (CoC) certified (SW-COC-1981), SFI (Sustainable Forestry Initiative) CoC certified (NSF-SFICOC-6T721) and buys Green-e certified wind certificates for 100% of its electricity needs.
