**Team Cessna Returns to Michigan**

*Cessna will visit the Grand Rapids Airport on Friday, October 24th with airplanes, business jets and aviation specialists.*

BRIGHTON, MI, October 14, 2008 **/24-7PressRelease/** -- The Cessna Aircraft Company has plans to visit the Grand Rapids Airport on October 24th, 2008 with a collection of new Cessna airplanes and business jets as well as manufacturing, financing, insurance and tax planning specialists. This is "Team Cessna's" second trip to Michigan this year. Earlier this year, a similar event was held at the Willow Run Airport just outside of Detroit.

"We're pleased that Cessna has decided to visit the West side of the state, remarked Pat Redmond, Sales Manager for Suburban Aviation, Inc. Cessna's authorized sales and service Representative for Michigan. "We expect to have another very successful day with a great turnout in the Grand Rapids area."

The Team Cessna event is a great opportunity for perspective Cessna owners to see new product and meet with experts in the aviation field to help define and create an ownership strategy that meets both short and long term goals. Attendees will have access to several of Cessna's new airplanes including the single engine line, the new Cessna 400, Mustang, Grand Caravan and the Citation Ultra. In addition, Cessna will introduce its newly completed Mobile Marketing Vehicle at the event.

"We've put everything under one roof and designed a day that can be enjoyed by everyone, from the person who'd like to find out about learning to fly and owning an airplane, to the business person who realizes how flying can give him a competitive edge in his industry," said Redmond. "This is an indoor event in the Northern Jet Management hangar. Attendees can drive or fly in."
