McCusker & Company Launches New Service Contract & Administration Program with American LED Technology

McCusker & Company LLC has been awarded an agreement to supply extended warranty programs to a major LED Sign supplier.

IRVING, TX, October 16, 2008 **/24-7PressRelease/** -- McCusker & Company LLC has been awarded an agreement to supply extended warranty programs to a major LED Sign supplier. The business relationship includes extended warranty plan programs licensed and insured by McCusker & Company's underwriting and Administration partners. The program was specifically designed and setup to provide coverage programs in an area where no previous providers were available.

"We are delighted to have been picked for this opportunity," said Will McCusker, President & CEO of McCusker & Company LLC. "Together with our underwriting and administration partners in North America, the service contract agreement will significantly extend our presence in the LED & Sign consumer electronic service marketplace. The service agreement covers LED Signs and ancillary equipment sold and installed in our client's customer's locations throughout the United States. McCusker & Company's administrator will have a core team of highly qualified claim and technicians providing these services."

"American LED Technology's reputation is built upon excellent product, rapid delivery, solid warranty and outstanding customer support cemented with the highest integrity in the business, you can rest assure that you are getting the very best value in the digital sign industry," said CEO Will McCusker.

"McCusker & Company is committed to building long term relationships in the consumer electronic marketplace and supporting our goals to bring our core talents to everyone," said CEO Will McCusker and he continued to say "With the addition of this new relationship, we are now supporting clients which include Airports, Malls, Stadiums, Churches, Sport Arenas where American LED Technology is in use. This is an important new win and highlights how customers value the efficiency of our experience, underwriting and service relationship platforms."
