

## **iGOZEN Announces Winner of the Like Us On Facebook Sweepstakes Contest**

*Readers of the recent contest held by iGOZEN, in which a lucky winner was drawn from all the people who liked the company on Facebook for the month of June.*

SIERRA MADRE, CA, July 18, 2012 **/24-7PressRelease/** -- iGOZEN has been a trailblazer in the realm of eco friendly household cleaning products, and their innovative washing kits have taken the internet by storm. The company recently held a contest in which they gave a free kit of their introductory multi-pack, a \$21.95 value, to one lucky individual for liking the iGOZEN profile on Facebook. The winner was Vito Desantis from Staten Island, who received 6 packs of 16 oz iGOZEN safe cleaning products. The kit contains 2 packs each of the iGOZEN fruit veggie wash, meat wash and everyday non toxic household cleaner. For more information about iGOZEN safe cleaning products, visit their website at [http://www.igozen.com/igozen\\_products\\_s/1832.htm](http://www.igozen.com/igozen_products_s/1832.htm).

Recent years have witnessed a growing demand for cleaning products that are free of toxic chemicals and flammable elements. iGOZEN has responded by introducing a line of natural cleaning products that work on all edible and stationary items that need sanitation. From their all-in-one vegetable wash and fruit wash, to their similar meat wash and fish wash, iGOZEN safe cleaning products allow consumers to taste foods and absorb nutrients the proper way, with none of the harmful chemicals or pesticides that are typically present on supermarket meats and produce.

Over-the-counter foods are often noticeably dirty, with everything from carrots and potatoes to berries and mushrooms requiring heavy scrubbing and rinsing. Food preparation becomes a whole lot easier with iGOZEN meat cleaner and fruit veggie wash, which clean all perishable foods in simple spray and rinse steps. The secret behind the iGOZEN eco friendly vegetable wash is its alkali base, which is scientifically proven to combat harmful toxins and bacteria.

iGOZEN eco friendly household cleaning products also work wonders on appliances and furniture items. Since the iGOZEN products contain no harmful chemicals, they can be sprayed and wiped away from chairs and countertops without the use of gloves or safety masks. iGOZEN non toxic household cleaner kits are also free of soaps and perfumes, which spares surfaces of residues and unnatural smells. Families enjoy more sanitized living environments by using iGOZEN natural cleaning products.
