

Funky Squid Games Releases "Syncroz - Free Connect" Puzzle Game for iOS & Android Devices

The new Syncroz puzzle game is now available in The Apple App Store, Google Play, Amazon & Barnes & Noble App stores!

MELBOURNE, AUSTRALIA, January 10, 2013 **/24-7PressRelease/** -- Funky Squid Games today announced that their companies first game "Syncroz - Puzzle Connect", is now available in the Apple App store for all iOS devices, and shortly in Google Play, Amazon, and Barnes & Noble App stores for Android smartphones and tablets. Syncroz is a simple yet addictive & challenging puzzle connection game that will let players attempt to connect up various matching nodes without breaking their connectors.

In Syncroz, players will be able to solve up to 300 free puzzles by joining the correct matching nodes with the same colors and shapes to fill the board with the connectors. "But watch out - the connectors will break and make weird sounds if they cross or overlap!" said Anthony Buchalka, co-director of Funky Squid Games.

"We're very proud of our first game Syncroz, and we're sure players of all ages will enjoy this surprisingly addictive puzzle game" said Buchalka. "We wanted to give our players different experiences and options when playing the game so we created two exciting game modes for Syncroz: the Classic mode where the players can solve the puzzles while relaxing and the Time Attack mode where players can compete with others or race against the clock to solve as many puzzles as they can" said Buchalka.

Syncroz is now available as a free download in the Apple app store for for all iOS devices and within the next few days will also be available in Google Play and Amazon for Android Devices - also as a free download. The game is localized in 6 other languages aside from English including, Spanish, German, French, Chinese, Japanese and Italian.

You can visit funkysquid.com for more information about Syncroz including a description, screenshots and video of the game.

The video trailer for the game can be found on YouTube here:
