

Boker's New 2013 Stamping Brochure is Now Available

Boker's announces the release of its 2013 Stamping Brochure, providing a comprehensive summary of the company's stamping capabilities.

MINNETONKA, MN, April 01, 2013 **/24-7PressRelease/** -- Boker's announces the release of its 2013 Stamping Brochure, providing a comprehensive summary of the company's stamping capabilities. With over 94 years of experience in precision metal stamping production, Boker's satisfies complex, intricate stamping applications.

Using innovative technology and manufacturing concepts, Boker's extensive offering includes flat blanking and piercings in a complete range of sizes up to 12" x 12", metal forming in thicknesses from .005" to .134" and draws up to 3" deep and 8" in diameter to meet diverse application requirements. The Stamping Brochure serves as a quick-reference industry guide that features multiple tools, such as a gauge decimal equivalents chart, a glossary of more than 100 common terms and a handy base element index.

To simplify product selection, Boker's offers stampings in over 2,000 commonly specified and hard-to-find material variations. Further, the company's comprehensive secondary operations include deburring, tapping, reaming, counterboring, spotfacing and more, ensuring stampings meet user's exact specifications.

The Stamping Brochure also details Boker's special programs for enhanced product quality and customer convenience. Boker's complete Statistical Process Control (S.P.C.) verifies manufacturing process accuracy, and its Dock-to-Stock program allows users to save inspection time. Plus, Boker's fast turnarounds and Just-in-Time program accommodates flexible and diverse delivery requirements.

Boker's, Inc. is a Woman Owned, ISO 9001:2008 registered manufacturer of precision stampings and non-standard washers and spacers. To request the 2013 Metal Stamping Brochure, contact: Boker's, Inc., 3104 Snelling Avenue, Minneapolis, MN 55406-1937; call (TOLL-FREE) 800-927-4377 or visit www.bokers.com.
