

## **The House Doctors of Durham NC Announces New Site for Repairs and Maintenance on HVAC and Heating Systems, Heat Pumps or Furnaces in Cary, Chapel Hill and the Greater Raleigh Area**

*Local electrician provides full range of repairs, maintenance and service for HVAC, heating systems, heat pumps and furnaces.*

DURHAM, NC, November 28, 2013 **/24-7PressRelease/** -- The House Doctors Electrical Division of Durham NC announced today a new website to promote their repair and maintenance services on HVAC and heating systems, heat pumps and furnaces. The House Doctors have trained electricians ready to offer these services on most brands of heating units not under warranty for businesses and residential customers in the greater Raleigh NC Area. The House Doctors also are available for 24-7 emergency services.

"Winter and cold weather has hit the Triangle area with full force," said Andy Clark, Owner of The House Doctors. "If your heating system is not working properly, please give us a call. We will get to your home or business as fast as possible. We offer 24-7 Emergency Services as well."

"We also offer regular maintenance which is a good idea," continued Clark, "especially if your heating system uses natural gas. We do emergency calls, but we would urge you to catch problems before your heating system fails."

The House Doctors offer a full range of electrical services including: new electrical installations, electrical panel upgrades, emergency generator installations and heating system repairs.
