## White Tiger Systems Releases Its' RealTime (RT) System

**JENSEN BEACH, Fla.**, August 11, 2013 – White Tiger Systems, Inc.(WTS) announced the release of its RealTime (RT) System today for all industries. This advanced website and integrated email marketing system has been designed to provide the individual or small business with a robust set of tools to promote their services and/or business, without having any technical experience. RT allows a novice or experienced user to create a website for content entry in 5 easy steps.

After years of working with the bigger more costly Internet based technology platforms, the WTS Team has taken the path to develop a system on today's Open Source technology that will **allow thousands of users** to be supported at a very low cost, \$15.00/month for both the website and an integrated email marketing system(eClub).

**There are NO Hidden Fees.** Volume discounts are available for businesses, organizations or associations wishing to integrate RT into their Member Benefits Programs. WTS can provide integration services on a contract basis.

The WTS - RealTime System is specifically targeted to organizations with small, medium and large memberships, such as Sports Organizations (Golf, Tennis, Equestrian, Aquatics Athletics, Fishing, Boating/Yachting, etc), Restaurant Associations, Medical Groups and Professional Organizations of all types. A major goal is to promote the individual business or person belonging to a parent organization as a member.

*"Our vision is to bring a low-cost suite of Internet tools to the market as a vehicle to promote individuals or small businesses. We have created a self-contained, user friendly system to offer our clients an integrated website and email marketing presence. In 5 simple steps an individual or business can have a website shell up and ready for content entry, without having any technical experience. This new platform offers an affordable, flexible and easy solution for the busy individual, professional or small business."* said Teresa Wortman, President.

July 29, 2013 the LPGA announced WTS as one of their Approved Corporate Partners. "The LPGA T&CP has always shown a forward thinking approach toward marketing golf instruction by providing their membership with the tools necessary to promote their teachers. We at White Tiger are proud to be associated with the LPGA T&CP, as an Approved Corporate Partner" said Teresa Wortman, President White Tiger.

"Having a personal website will allow our LPGA Professionals to have a greater online presence, gain greater visibility and market their instructional programs," added Rader. "This service will provide golfers of all ages and skill levels the ability to identify and locate an LPGA Professional who can help them learn to enjoy the game of golf more".
