

# Elite Rendezvous + Door2 | One-Page Press Kit

## Who we serve

Single parents and high-intent or busy professionals who want a serious relationship without app chaos. Privacy first. Fewer first dates, better first dates.

## Founder

Felicity Morgan, Certified Matchmaker and Certified Relationship and Dating Coach. Background in risk and structured communication. The focus is simple: protect time, protect privacy, make the next step clear.

## Elite Rendezvous

Boutique matchmaking and coaching based in Tampa Bay, working virtually nationwide. We replace swiping with private, values-aligned introductions, simple coaching, and clear follow up so no one is left on read. Screening considers values, family logistics, lifestyle, and readiness. Optional background checks are available. Matches within the same culture and across cultures are welcomed by preference, not pressure.

## Door2

Not everyone wants or is ready to invest in private matchmaking. Door2 offers a friendly, affordable way to date with intention. A short values assessment powers a curated feed, practical coaching tips, and live Q and A sessions and workshops. Door2 broadens reach and learning. Elite Rendezvous supports higher-touch searches when someone is ready.
